FRENCH SMASH HUNS 2 MILES 100,000 AMERICANS IN DRIVE

Bread Card in U. S.

RUSSIA AWAITS CHANGE TO WREAK VENGEANCE

AMSTERDAM, March 28.—Bolshevik Russia is a seething cauldron. Trotsky and Lenin, more determined than ever to wreak vengeance on German imperialism for the extortionist peace that was forced on them when the Kaiser's military heel was on Russia's chest, are watchfully waiting for their turn. They believe it will come when the German drive in the west fails and the German masses rise.

Upon that failure and that rising they count as certainties. With Trotsky at the head of a newly formed war organization, steps are being taken to put Russia back on an organized military basis, with a national, well disciplined army.

BREAD CARD IN U. S. SOON, IS BELIEF

WASHINGTON, March 28.—"It is not many months, I fear, to the bread card." This statement was made this afternoon in the House by Representative Lever, chairman of the agricultural committee. He contended that the food situation really is serious. Our last year's wheat crop was poor and the prospects this year are not promising. Lever's remarks were made while he was urging a bill appropriating \$7,500,000 for farm loans.

HUNS SLAUGHTER TWO NUNS AND CHAPLAIN

WASHINGTON, March 28.—An official dispatch from France today said the chaplain and two nuns of the Hospital of St. Elizabeth at Antwerp have been executed by the Germans. They were killed in the courtyard of the barracks at the same time as the Belgian oculist, Dr. de Mets.

FRENCH HURL BACK GERMANS TWO MILES

LONDON, March 28.—French troops this morning counter attacked with great dash and drove back the enemy on a front of ten kilometers to a depth of three kilometers southward of Noyon.

The French pressure on the enemy is continuing in the area of their counter attack south of Noyon.

This announcement was made in a British official summary of the situation issued this evening. The summary adds that the Germans last night entered Montdidier.

100,000 AMERICANS IN NEW ALLIED DRIVE

WASHINGTON, March 28.—The allied offensive is well under way and most important news is expected from the battlefield in Picardy within the next twenty-four hours. War Department officials declared today.

The counter offensive will be the sharpest blow that the entente has attempted. It is understood that not less than 100,000 American troops will participate in this movement, which will probably take the form of a rolling up movement.

According to the latest information reaching Washington, the allies have placed 800,000 fresh troops along the Picardy front. It is these men who will be sent against the Germans in a sweeping movement which is expected to turn the tide of battle in favor of the American-Anglo-French forces.

400,000 HUN SPIES IN U. S. IS CHARGE

PARIS, March 28.—"Entirely new in this warfare, the Americans worked like the best veterans in the battle of the Somme," says a wounded French captain who has been brought back from the front, according to La Liberte.

WASHINGTON, March 28.—The breakdown of America's great aviation program has been due to the tampering of German spies who infiltrated the aircraft plants, Senator Overman of North Carolina, speaking for the administration, announced in the Senate this afternoon. Senator Overman declared that there are 400,000 spies in the United States.

Senator Overman charged that German spies are in the Curtiss airplane plant. He pointed out that practically all the officers of the company have German names. He urged the President to commandeer the plant.

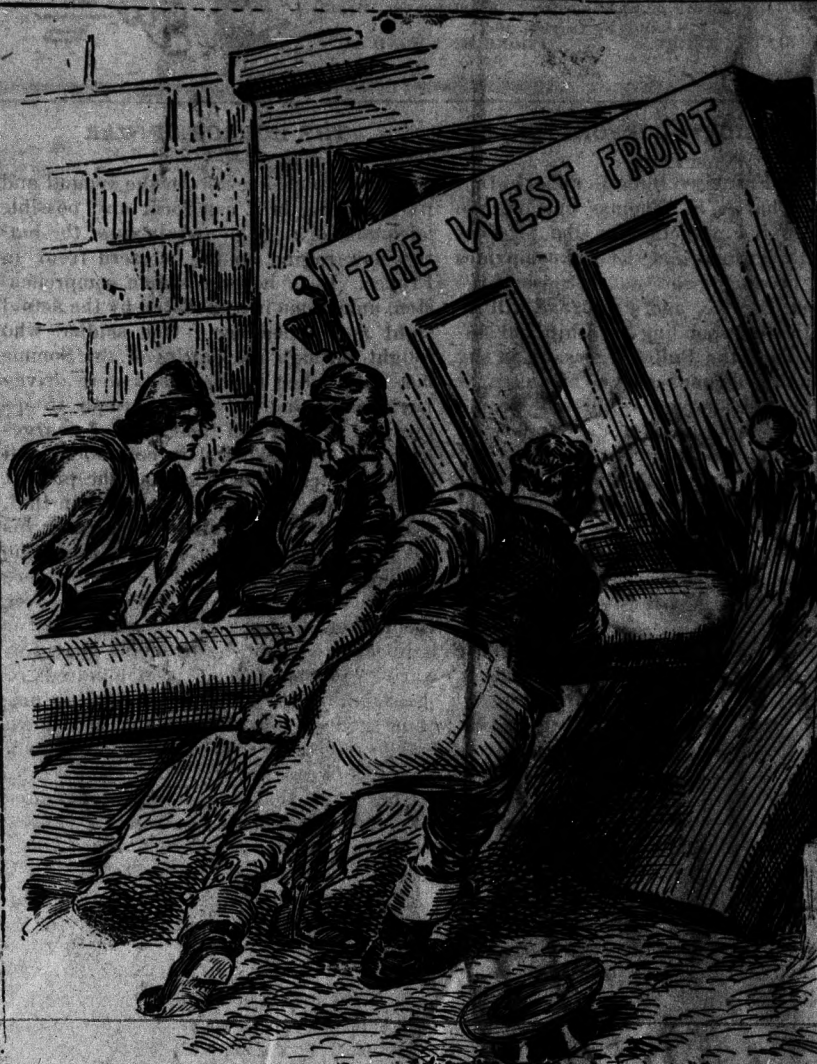

Thousands upon thousands of shells have been thrown away because of tampering, he declared.

BRITISH CAPTURE TURKISH FORCES

LONDON, March 28.—The entire Turkish force in the Hitt area in Mesopotamia has been captured or destroyed by the British, the war office announced today. Three thousand prisoners were taken.

Hit is on the Euphrates River, 100 miles west of Bagdad.

MIDNIGHT DISPATCHES

British Beat Off Huns

LONDON, March 28.—After an all-day battle north and south of the Scarpe, with Arras as the chief center, the British forces have beaten off the Germans, with heavy losses to the enemy, according to the report from Field Marshal Haig tonight.

The Reuter correspondent at British headquarters reports heavy attacks against Arras today, both to the north and south of the Scarpe.

The attack on the north speedily died down, but that on the south assumed serious proportions, and by 11 o'clock in the morning dense waves of the enemy, supported by a tremendous artillery bombardment, were reported to have made some advance.

The barometer is falling and snow is threatening.

DUNKIRK SHELLED

PARIS, March 28.—Reports Reached Paris today that the channel port of Dunkirk, which has been bombarded intermittently by the Germans with long range cannons, has been under fire again for several days. The number of victims is placed as high as twenty and the material damage is said to have been severe.

A. E. Hammond was operated on at the Craven Hospital for appendicitis yesterday by Dr. Cunningham.

Herbert Sanborn, Standard Oil employe, has been called to report at Visalia tomorrow.

Building Trades Council Hears Report

Shaffer was presented with a past president's token last night. Fred Kreig making the presentation. Others on the committee were J. C. Thornton, J. W. Smiley and G. King. The Plumbers Local No. 159 of Martinez joined the Building Trades Council last night. The delegates for same being W. F. Craig, F. P. Brady and J. H. Rogers.

THE WAR GARDEN BOARD WILL PLANT MANY ACRES

Tract Owners Donate Land, Citizens Donate
Time and Money—Will Send
Ship to France

The work of the Richmond War Garden Board was sidetracked for a week, to give place to the grand two days' patriotic demonstration which called for the work of all live citizens, but now that that has passed into history with flying flags and beating drums, the war garden committee will at once get very busy and push the planting work to a successful termination.

The Chamber of Commerce, City Council, Industrial Commission and other civic bodies has appointed committees to serve on the War Garden Board, composed of some of the best men and women we have in Richmond, and that these men and women will put across this great and good war garden plan is assured, because Richmond, and this element, never make failures of anything big they undertake.

Send Ship to France

The plan is for Richmond people to raise enough beans, potatoes, onions and similar foodstuffs, suitable for shipment to the allied armies in France, to fill a vessel next fall. Our Government will then be asked to send a ship into the Richmond harbor, which will be completed by then, and our people will take a holiday, and go out to the big municipal wharf and load that ship. Ten thousand of us will nail a bit of ribbon, red, white and blue, on that ship, and give three cheers lusty enough to shake the shores as it sails away.

A number of the larger tract owners here have assured the News editor that they will gladly donate acres and acres of fine, fertile land to the cause, so there is one very important point settled. Herbert Brown's local manager, Mr. Mero, was in last evening and said they had five or six acres of splendid land in the north-

east part of town which the board could use. It is now in voluntary wheat, has always been under plow and is all ready for cultivation, and in fine shape. Berg Brothers' local managers have offered fine land in east Richmond, also, and there will be no trouble in getting plenty of acreage.

It is naturally to be presumed that every able-bodied man in Richmond will be willing to donate one day's work to help feed the soldiers that are fighting these bloody battles while we lucky ones remain at home. Any man whose business is such that he cannot get away for that one day's work can have the alternative of shipping in \$3, which will hire a substitute. Thus will the work be done.

The Harvest

It is confidently expected that a part of the planting and a part of the harvest will be attended to by the Boy Scouts and the larger school boys, and we venture the prediction that this is a good guess. They can be of inestimable help and benefit, and no doubt will be glad to.

According to the program now being mapped out the War Garden work will be under full swing in a very short time now, and as the ground and weather conditions are in the best of shape, and the planting season at hand, material progress can and will be rapidly made.

Special Notice

All committees, and everybody else interested enough to want to help, are hereby called to meet at the Chamber of Commerce room, Elks' building, Wednesday evening at 7:30, for the purpose of organization, appointment of committees and outlining detail work. Let this meeting be a representative one, and full of pep.

New \$20,000 Apartment House

The first move toward alleviating the scarcity of homes here is being made by H. L. Barnaugh, the furniture man. He will build sixteen new apartments on the lot adjacent to his store on Nineteenth street and Macdonald avenue, at a cost of \$20,000.

The small building which occupied that lot has been disposed of and the work will begin within a few weeks. It is planned to make it a three-story structure, with stores on the lower floors and apartments on the others.

It is to be built in an up-to-date style, with all modern conveniences. The plans are being drawn up by Architect Ogborn.

Elections Today For High School Trustees

Election for High School trustees will be held tomorrow in the Richmond Union High School district for the election of two trustees. The terms of Mr. Joseph F. Brooks and Mr. Edward Hoffman are those that expire and they are the only candidates who have filed nomination petitions with the board. The polls will open at 8 o'clock a. m. and be open until 6 o'clock p. m.

Polling places have been arranged at the following places:

San Pablo schoolhouse, 107 Washington avenue.
Lincoln school.
High School.

PLANTS WILL MEET NEW BILL
That all industries in the city will turn their clocks forward one hour under the new daylight bill is the gist of various statements made by heads of the industries yesterday. The common thought, as expressed by J. F. Brooks, of the Standard Oil, is that whatever is good enough for the President is good enough for Richmond, and all will conform to his ruling.

SPECIAL SERVICES
Preparations for special Easter services at the Wesley Methodist Church have been completed. The Boy Scouts and other members of the congregation have been decorating the church with lilies donated by P. E. Beck of the Fallman shops. Then the Sunday School has been busy rehearsing a special program.

Dr. Sweetser of Martinez has been appointed surgeon for the Mountain Copper Company Martinez plant. He succeeds to the position of Dr. R. B. Fitzpatrick, who has joined the navy.

PATRIOTIC (?) CORPORATIONS

The San Francisco Bulletin remarks that Senator Charles S. Thomas of Colorado objects to the reduction in the price of coal on the ground that the coal companies are not producing the coal, because of the reduction in price, and a shortage will result, with corresponding hardship and suffering. Then the Bulletin goes on to say that Senator Thomas must be mistaken, as surely the coal companies of his state would not be so unpatriotic as to deliberately refuse to produce coal because they are not allowed to charge an exorbitant price for it, to the Government, the railroads and everybody else.

The Bulletin is wrong in its deduction, and Senator Thomas is entirely right. That is just exactly what the coal companies are doing.

We happen to know Charley Thomas well and intimately, for twenty years and more, and he is one of the best and squarest men that ever lived. We happen to also know all about the Colorado Fuel and Iron Company, which has a monopoly on the great Colorado coal fields, at Trinidad, Huerfano county, and elsewhere, and we know, as does Senator Thomas, that that outfit would steal the crown of thorns from the crucified Savior on the cross. It has no honor, honesty, patriotism, or anything else of the kind, not even common decency, and never did have. Its game has always been a holdup, from start to finish, and likely always will be, unless the iron hand of the U. S. Government is extended in its direction. Young Rockefeller owns a majority of the stock of that company, but it is not likely that he knows any more of what is going on as to its general policy than most any stranger.

That outfit of pirates has every sheep on the Las Animas and Walsenburg hills registered, and votes them regularly at every election, under supervision of State Senator Billy Adams and Sheriff Jeff Farr. It has neither brains, bowels nor compassion, charity, human kindness or self-respect. It has nothing but money, power and gall, and exercises all three in the interests of dividends, emulating all its life Vanderbilt's famous slogan—"the people be damned."

Scandal may have only one voice, but a million echoes.

THE HORROR OF WAR

No human being not on the ground and participating in it can form any possible adequate idea of the awfulness of the battles now raging on the western front in France. It is beyond human comprehension, unless one is confronted by the actual sight and experience. One soldier who fought through the battles of the Somme last fall, when the Germans were driven back, says that he saw German troops pressing forward in their massed charges over bodies of their slain comrades piled eight and ten high, and that the present battles are probably even worse than that.

History tells of Napoleon charging his cavalry forward in Russia, against the English, into gulches until the gulches were filled with the dead and others rode over them to get across. That is about what is happening now, as the Germans press forward in massed formation of hundreds of thousands in the face of a withering machine gun fire that is mowing them down by the thousands every hour exactly as a scythe cuts grass.

God grant that such terrible slaughter may never again in the world's history become necessary.

People seem to delight in strange noises. That is why there are so many crazy automobile horns.

You have to hand it to the lawyers for being clever; you never hear of them going to law to collect attorney's fees.

There is some pretty lively purity squad going on in Chicago and the hotel raids are causing some very nice and naughty ladies and gentlemen to be greatly embarrassed.

If George Washington were alive today, and would cut down a cherry tree, he probably would not admit it because his lawyer no doubt would tell him to do the expedient thing.

Even if the parents of a boy have a hundred millions and allot him \$100,000 a month, unless he performs some useful service with his mind and body, he isn't worth the powder and shot it would take to kill him.

THAT AWFUL INCOME TAX

If any of you notice a particularly wild look in the usually mild eye of the News editor do not attribute it to insanity in the family, or anything of that sort—he has been busy for ten days and nights past trying to make up an income tax statement for the Government, that is all, but believe us it is enough. We have multiplied the number of subscribers to this paper by the nine lives of every cat on the 24th ranch; subtracted the combined ages of ourselves and three daughters from the thousands of times we have forgotten to say our prayers upon retiring; have dug down and delved into algebra, trigonometry, syntax, biology, astrology and Hindu philosophy, and then knew a whole lot less about it than when we began, on top of abusing everybody around the office with or without cause. Finally yesterday we took it up with Attorney Orville Jackson, who makes a specialty of that line of trench work, and has wore away a spot on the top of his head because of it, and it seemed perfectly clear to him. It was also clear to us—as clear as mud. We do not mind paying the money, and have mailed the check Mr. Jackson named, and all that, but, honestly, if we ever run across the fellow that got up that income tax blank we shall undertake to make him hard to catch.

COMMITTEE NAMED

At a meeting of the board of directors of the Chamber of Commerce yesterday afternoon President Clark passed the naming of the five on the building committee to the board, and they selected Messrs. Cray, Downer and Downing of the three banks, and C. M. Brewer and Charles C. Bacon. The other five are to be named by the Richmond Industrial Commission at its meeting in San Francisco Tuesday noon next, at luncheon at the Jules cafe. The News will ask unanimous consent to an addition to that committee in the person of Mr. W. H. Sanford, as he is one of the best men that can possibly be selected.

All our representative men should make it a point to be at that meeting Tuesday, and this is a vital question to Richmond and everybody in it.

There seems to be some kind of a mixup over the building of the San Pablo dam, and because of it the construction has been slowed down. We understand that certain people are complaining about the construction, for fear that it might give way and do serious damage to farms and home places all the way along the creek. The company, on the other hand, claim that it is entirely safe.

The San Pablo Red Cross unit had another very busy day this week, making up things for the soldiers. The ladies of that section of the city are very much in earnest in this work, and under the competent supervision of Mrs. McCausland are accomplishing good progress. Next Wednesday the ladies of the Baptist Church will serve a 15c lunch.

That is some kid vest on display in the Jones & Walker window. It is made by the ladies of the Red Cross for the aviators, and they are making up a number of them. Anyone having an old pair of kid gloves is requested to give them for this worthy purpose.

The Easter program of the San Pablo Baptist Church will be given on Sunday night and the regular services will be held by the pastor in the morning.

DOUGHBOYS BRINGING UP THEIR MACHINE GUNS

American infantrymen attached to a machine-gun battalion of the First division passing through a French village en route to the front. The First division is one of those that are being used in the allies' great offensive against the Huns.

SUMMARY OF TELEGRAPHIC NEWS

FOOT LAUNCHES

ANOTHER BIG DRIVE

LONDON, Sept. 26.—French and American troops at 5:30 o'clock this morning launched an attack on the 46-mile front between the St. Pierre and Meuse rivers, in the Champagne region. It was reported in unofficial dispatches received from the French front this evening. The allies had progressed several miles when the dispatches were sent.

BULGARIANS SEEKING PEACE ALARMS HUNS

PARIS, Sept. 26.—The German government, according to advices to the Havas Agency from Zurich, is very uneasy over the pacifist demonstrations in Bulgaria, and the German minister has conferred with King Ferdinand.

RUMANIAN PRINCE HAS GOOD SENSE

AMSTERDAM, Sept. 26.—In answer to pleas that he desert his bride of humble birth, Crown Prince Charles of Rumania has replied that thrones are so unstable nowadays that he preferred the certainty of having the wife he wanted to the chance of losing the succession.

GERMANS BEGINNING TO SEE LIGHT

AMSTERDAM, Sept. 26.—Philip Scheidemann, majority Socialist leader, addressing the main committee of the Reichstag, declared

that General von Ludendorff, and not Chancellor von Hertling, rules in Germany. He said that Germany is suffering now because she undervalued her enemies.

LABOR UNIONS STRONG FOR LIBERTY BONDS

Extensive arrangements are being made by the San Francisco labor movement in behalf of the Fourth Liberty Loan drive. The various unions are preparing to place at Uncle Sam's disposal their entire treasuries to assist their brothers over there in the great struggle for world freedom and the blotting out forever of autocracy and barbarism. Labor appreciates that Uncle Sam needs the money and prefers to invest its earnings in Liberty bonds rather than wait until the Kaiser knocks at the door to collect. Labor realizes that these bonds offer the safest investment in the world today. The daily casualty lists present one of the strongest incentives which will prompt labor to go "Over the Top" with a rush.

BANKERS ARE SHOWING THE RIGHT SPIRIT

CHICAGO, Sept. 26.—Charles A. Hirsch, president of the American Bankers' Association, addressing the annual convention of that organization today, pledged the fortunes and lives of its 19,043 members to continue the war until the last armed German is beaten to earth and a victorious peace assured. Reaffirming the loyalty of the nation's bankers to President Wilson in his prosecution of the war, he declared that they will keep on fighting, "not only to the last dollar but to their last unit of credit."

GREEKS HELPING TO WHIP THE BULGARIAN ARMY

ATHENS, Sept. 26.—Greek troops are aiding in the allied advance in Macedonia on three sectors of the front, according to an official statement from the Greek war office today. East of the Vardar, the Bulgarians are in flight toward Valan-

dova with the British and Greeks in pursuit.

ST. QUENTIN WILL FALL VERY SOON

PARIS, Sept. 26.—St. Quentin has been mined by the enemy and the officers of the German command have moved their headquarters out of the city, which has been stripped of its art works and treasures, according to dispatches from the front.

FLANDERS TOWN WILL GO NEXT

WITH THE BRITISH ARMY IN FRANCE, Sept. 26.—Roubaix, an important French city, just northeast of Lille, behind the German lines on the Flanders front, is being evacuated of its civilian population, according to information received from prisoners today.

SPLENDID CLOTHING DRIVE FOR BELGIANS

One has only to take a look into the building on Macdonald avenue next to the Elks' building to realize the big heart of Richmond. The good people in general and the willing workers in particular are displaying unmistakable evidence of both efficiency and generosity.

Filled high everywhere is clothing of all kinds, some bedding and shoes galore, and half a dozen women are at work sorting it all out, classifying it and tying it up into bundles ready for shipment to Belgium, where it will be distributed around among the suffering mothers and little kiddies, the old and sick and maimed.

It will be a God's blessing to them, for they are in rags and tatters and shivering in the cold, shelterless, hungry and in desperate need.

This clothing will help keep them warm this winter, and the suits, dresses, cloth and shoes we can spare without much sacrifice will be

LATEST BULLETINS FROM THE FRONT

CHAMPAGNE FRONT—French troops with Americans co-operating on the east, attacked at 5 o'clock yesterday.

METZ FRONT—American and French forces attacked east of the Moselle river yesterday morning, according to a delayed staff dispatch from the front. They attained their first objectives.

PICARDY FRONT—The British and French continued to close in on St. Quentin yesterday and last night and are now within two miles of the city on a front of nearly seven miles. Several attacks in this region were repulsed.

BALKAN FRONT—British troops have invaded Bulgaria south of the important center of Stomitsa, it was officially announced. To the northwest, at the apex of the allied success, the Serbians have reached a point eight miles from the Vardar. West of the Vardar they are near Ijvor, 11 miles south of Filipe.

PALESTINE FRONT—British extend occupations about sea of Galilee and east of the Jordan occupying several im-

portant towns. The Fourth Turkish Army, on the Palestine front, is virtually surrounded in the region east of the Jordan and faces annihilation by General Allenby's forces, today's advices show. The total of prisoners already taken was increased today to 45,000. The annihilation of the Fourth Army, now hoped for, would complete the cleaning up of the Turkish forces in Palestine, accounting for about 80,000 men.

A PATRIOTIC AND MUSICAL PROGRAMME

Big Food Conservation Meeting Attracts a Large Audience

One of the most enjoyable patriotic gatherings in Richmond was that of the Food Administration given in Lincoln Auditorium last night. The complete information regarding the present policies of the Food Administration were given by Fred L. Thomas, Santa Clara county assistant prosecutor, who is helping to spread the food saving policies through the state. His talk was very interesting, and a large number of our housewives as well as a large number of men and children thronged the halls to hear what he had to say. He was assisted by local Food Director R. H. Ivory, and several other prominent speakers were also present.

In connection with the meeting a splendid patriotic program was rendered. The national hymns were played by the Richmond Municipal band, who gave selections throughout the evening. Community singing of our latest war songs were led by the Elks club trio. Musical and vocal solos were given by local talent and the crowds were well entertained. The Red Cross drill team ladies were in costume and ushered the crowds.

GILLETTE GETS COMMISSION

Rev. J. C. Gillette received a telegram from his son, Dr. N. T. Gillette, of Corry, Pennsylvania, that he had just received a cablegram from his brother Frank Gillette, announcing his promotion to a commission. Sergeant Frank Gillette has been in France for a long time and shortly after going over made the grade of Lieutenant.

Like many in the wilderness to them, drop around there, and take a look at the work being done. It will warm your heart. Then go home and dig that old suit or dress out of the closet.

PROFITEER PACKERS GRILLED BY FEDERAL TRADE COMMISSION

WASHINGTON, Sept. 26.—William B. Clover, chairman of the Federal Trade Commission, testified today before the Senate Agricultural Committee in support of the commission's recent report charging monopoly and profiteering in the packing industry and in reply to the protest to the president of the Chamber of Commerce of the United States that the commission exceeded its authority in conducting the packers' investigation and in other activities. Clover's testimony was largely in support of the commission's allegations that the packers were interlocked with financial institutions, and he gave names of numerous directors and former officers of the Chamber of Commerce who, he said, are officers in banks which have made large loans to the packers.

Clover said the commission's investigation of the packers had been made at the instigation of President Wilson and later the report on profiteering was delivered in response to a Senate resolution. "Overwhelming evidence in our hands established a justification for our position," he said.

LABOR VOTE WILL GO TO BELL FOR GOV

Developments of a more or less significant nature are fast crowding upon one another in Theodore A. Bell's fight for governor. It was admitted today that the situation is more than hopeful, indeed, that there is a possibility that more than 30,000 names may be turned in with the Bell petitions by midnight.

Bell himself looks for the number to run from 17,000 to 18,000, but his canvassers are claiming a higher total. The prediction is based upon progress to date.

A call has already been dispatched by a prominent labor leader, for labor in the state to rally to the cause of the independent candidate. The sense of a telegram sent to labor in Fresno last night was this: Owing to the supreme court decision disqualifying Rolph and Heney from a place on the ballot in November, there is nothing left for us to do but get behind Theodore A. Bell. Please urge all labor men who did not vote at the primary to get on Bell's petition.

Bell always did attract a large body of labor voters. In the present crisis he is looking for all of them. Came also today a message from Milton K. Young, manager of Francis J. Heney's fight south of the Tehachapi, and Charles M. Brown of Redlands, red-hot Heney men, with pledges of support.

Thousands Will March In Greatest Patriotic Demonstration Ever Witnessed In Richmond

To help win the great war against the common enemy, our Government has said to us Richmond's duty to raise the sum of \$465,000, and raise it quick, and so that is just what Richmond is going to do.

Last night a general mass meeting was held at the Elks' hall and arrangements perfected for the work of raising this necessary quota, apportioned to our city and its immediate environments, and this evening the good work will be opened with a bang!

The biggest and grandest patriotic demonstration Richmond ever witnessed is to take place, and thousands of citizens in every walk of life will participate in the marching columns who propose to show to our Government, to our allies, to the whole world, and especially to the Kaiser and his crazy horde of Huns that the United States of America, California, Contra Costa county, and Richmond, are all one and the same in heart and mind and sentiment when it comes to dealing out justice to all, which includes administering proper punishment to those who have it coming.

Everybody Asked to Turn Out. The committees in charge are working hard on all the details of the parade and demonstration, and they particularly ask that every man, woman and child of Richmond and surrounding country turn out this evening and help swell the crowd to one of the biggest events of the kind ever attempted in the East Bay region. IT'S GOOD PATRIOTISM TO SAVE

A successful nation is merely a nation composed of successful individuals. And the habit of saving is an essential element in individual success. Hence, our assertion that "It's good patriotism to save."

The man or woman who has a savings account has the satisfaction of knowing that he or she is one of the great army of war workers who can lend to the government, give to the cause of democratizing the world and bring to a quick end the persecuting rule of autocracy.

BEAUTY SPOT

The vacant corner property of
the First M. E. Church was a verita-
ble haven of rubbish and junk, and
so was an eyesore to the passers by.

Rev. J. C. Gillette and C. E. Adams
held a court martial on it and decided
on improving it. A palm was se-
cured and planted in the center, then
it was graded and an artistic trellis
made, the borders of which were
sowed with flowers, then the rest
planted in with clover and grass.
The latter was quite long in showing
itself, but at last the efforts of the
gardeners bore fruit and lo, the once
detested eyesore became a place of
beauty.

Baptist Easter Program, 8 p. m.
The members of the First Baptist
Church are rehearsing now on an
elaborate program for the Easter
services. The children of the church
will render several pleasing numbers
and Charles Bennett will add mater-
ially to the attractive features with a
violin solo. A large attendance is
anticipated.

Mrs. Albert Lang was a visitor
at the Point yesterday.

The baby daughter of Mrs. Sam
Jaynes is still very ill, and slight
hopes are held out for its recovery.

Mrs. E. Elsie has been confined to
her home with la grippe for a few
days, but is now materially improved.

Miss Catherine Hayes appreciates
the support given by her many
friends here in her work in the News
contest.

Mrs. Mrs. George Garrard will
entertain the Ladies Aid and friends
of the church at her home this
afternoon.

The children of the First M. E.
Sunday School will entertain with
an elaborate Easter program Sunday
morning. In the evening there will
be an Easter gospel service.

Mme. Petrova in "The Light Within"

Mme. Petrova's second picture
done in her own studios is to be
shown at the T. & D. Theater today.
In this drama the famous Polish star
plays the part of Laurel, a doctor's
daughter, who, in order to get
money to complete her father's scien-
tific researches, marries a wealthy
man she doesn't love. A son is born
to the couple only to become a bar-
rier between them. The husband
leaves for a long sea trip, is reported
lost but turns up at home just in
time to see Laurel promise herself
to a man she had loved before her
marriage. The death of their son
embitters the husband and he plans
a revenge as fiendish as it is novel.
A modern medical discovery is here
introduced in the form of a serum
from a rare turtle. Some of the
strongest scenes in the play occur in
a medical laboratory in which the
fight for the life of the hero occurs.
A Keystone Comedy and a Peerless
Comedy will complete this fine bill.

dogs, are doing to eliminate the
Kaiser from the unnecessary evils of
this earth, be sure and attend the

"Her Alaskan Dogs in the War Zone"
at the Lincoln Auditorium tonight.

It is held under the auspices of the
Richmond Public Library, and is for

is going to give another Red Cross

Mr. Beyer has given and it would be
a help to the Red Cross if some of
the other merchants would do the
same.

\$20,000 Damage Suit Won by Schrader

L. H. Schrader, local furniture
man, won the \$20,000 damage suit
brought against him by J. M. Stone
for having the latter arrested for al-
leged violation of contract. The suit
of Stone was completed in the Su-
perior Court last evening when the
jury promptly brought in a verdict
for the local furniture man.

Stone, who is a realty operator,
purchased furniture of Schrader on
the installment plan and when Stone
left Richmond Schrader, believing
that the man had taken away the
furniture, caused his arrest. The
jury found for the defendant.

FALSE ALARM

Some mischievous kids rang in a
fire alarm from Richmond and Alva-
rado streets last night, which the fire
department answered. The kids in
that neighborhood are causing all
kinds of trouble and the sooner they
quit the better for them, for if they
are apprehended they will be dealt
with severely.

close.

Camp Library Drive Quite Successful

The Camp Library Campaign
which was on here during the past
week was fairly successful inso-
much that 469 books were secured
for the boys "over there." Of these
there are quite a number to be col-
lected yet.

The Acantha Chapter of O. E. S.
helped out with a contribution of
\$5, while a little lot, also wishing to
help, brought to the library a book
of "Mother Goose Rhymes," and a
book of fairy tales.

Much credit is due Miss McNeill
of the Richmond Public Library for
the energetic way in which she
carried on the campaign.

Miss McNeill wishes to express her
thanks to Manager Reardon of the
T. & D. Theater for running slides,
and to J. E. MacGowan and F. Geritz
for posters.
